STUDENT LIFE

SPORTS

At first the school seemed like a huge maze,

With its many people, stairs, and hallways.

Our first moments were filled

With confusion, fear, and unfriendliness . . .

. . . But unfamiliar faces soan formed lasting friendships.
There were people who shared similar prablems —
People whom we always wanted ta be with.
Slawly, with the helpful advice af aur teachers,
And especially the guidance af special friends,
We could all find aur way thraugh the chaas
—
AND ENJOY IT!

Dan't walk in frant af me . . .

I may nat follow.

Don't walk behind me . . .

I might not lead.

Just walk beside me

and be my friend.

A DAY AT THE GAME!

46

For one night we exchanged our jeans,

for evening gowns and rainbow tuxedos;

We laughed and danced as the music rang out.

Excitement . . . enjoyment . . . our Prom.

MARCH 5, 1976

The hours of time pass by

And yet an instant is

captured and preserved . . .

a smile . . . a quiet moment . . .

a cry of victory . . .

. . . these moments
are gone but never
to be forgotten.
They are forever
saved.

TIOT

The yeorbook ot Norwood High has been called "TIOT" far mony yeors, yet mony students da not know the origin of this nome. "TIOT" dotes bock ta the time when the Neponsets, o division of the Alganquin tribe, ruled the region. When the Neponsets arrived, they found Norwood bounded by mony bodies of woter including, as they ore colled today, the Neponset River, Purgotory Brook, Plonting Field Brook, Germony Brook, ond Hawes Brook. The Indion ward "TIOT" meons "enclosures of water," a term which describes the oreo of Norwaad.

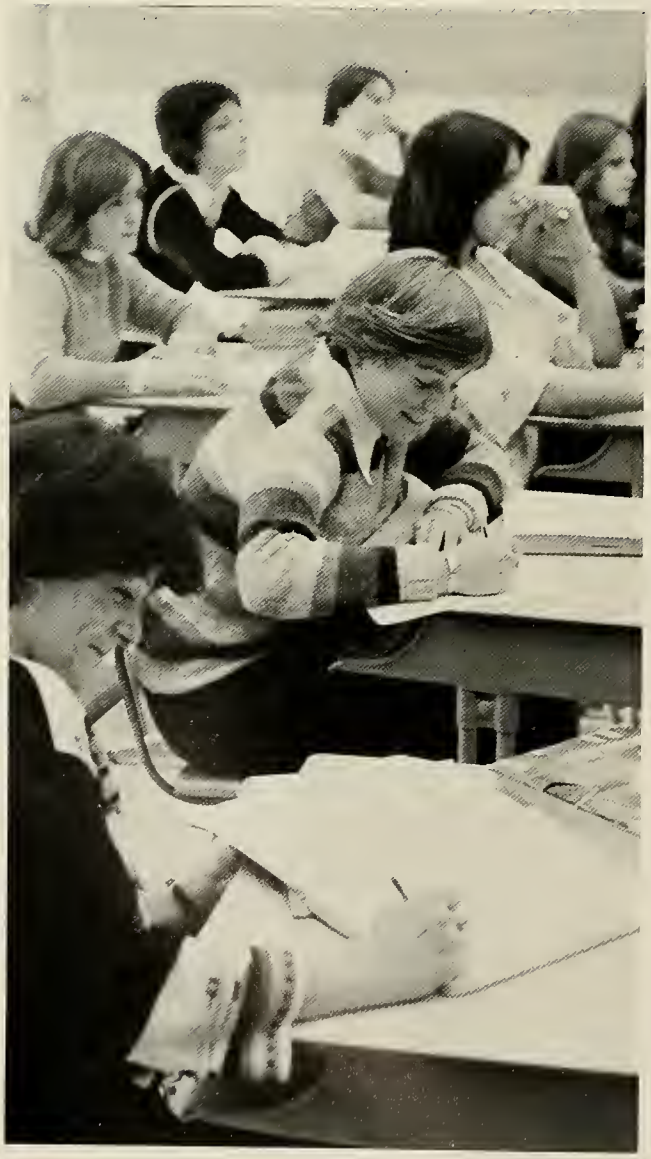
This year the Foreign Language students were more active than ever before. Latin made a fantastic comeback; no longer was Latin I a class of five! Other language students carried their interests beyond the classroom; they busied themselves singing Christmas carols, planning educational, trips, and organizing parties.



SCIENCE DEPARTMENT

The Science Department enables each student to develop and pursue his interest in a variety of courses. In '76-'77 biology was the most popular subject. Numerous sophomores took the introductory course, while interested seniors enjoyed the AP course. The program also offers courses in chemistry, physics, oceanography, and physiology.

BUSINESS DEPARTMENT

The diverse curriculum of the Business Department attracted a large number of students during the past year. Many students took such courses as typing and accounting in order to prepare for college, while others learned these skills in order to obtain a job in some field of business.

MATHEMATICS DEPARTMENT

The Math Department at Narwaad High Schaol offers a wide variety af caurses, ranging fram Algebra ta Calculus. One aspect af the department, which has grawn increasingly popular, is the camputer. Many students are learning the basic functians that the camputer affers, and at the same time they are gaining knawledge that will prepare them far the autside business warld.

This year we would like ta cangratulate Mr. Buscane, a former math teacher, on his newly named positian as vice-principal. We wish the best af luck to him, as well as to Mr. Carver who was named head of the math department.

PHYSICAL EDUCATION DEPARTMENT

One of the new innavations this year was the creation of co-ed health and gym classes. Students were allawed ta elect the sparts which they preferred ta play each term. Valleyball was discavered ta be the averwhelming favarite during the fall; the competitive spirit araused, made far an exciting tournament. Floor hackey was the winter favarite. During the spring students enjayed vying against one anather in saftball and tennis. The pressureless format af these classes allawed every game to be exciting, yet remain enjoyable.

HOCKEY TEAM HAS SUCCESSFUL SEASON

The 1977 editian af the Narwaad High Hackey Team finished in faurth place in the Bay State League with an 11-5-2 recard. The team praduced twa all-stars in Jim McTernan and Dave Glaser. The team was led by tri-captains McTernan, Glaser, and Chris Lawey. Althaugh the team finished faurth, they cauld have easily placed first if it were nat far injuries, sickness, and academic ineligibility. The Mustangs narrawly missed making the Taurney far the first time in many years. Na ane will ever farget the secand Natick game when the team came battling back, anly ta lase in the final secands. The rest af the Seniars cantributing ta the '77 seasan were Jim Ranalli, Pat Faley, Babby Daltan, Greg Sullivan, Chris Lydan, Mark Sullivan, and Billy Schneider.

The graduating seniars wish the best af luck ta Caach Wheeler and the 1978 Mustang Hackey Team.

AIN'T IT THE TRUTH
IT'S THE DRIVER!

It isn't the car that begins to whine when forced to stop at an old stop sign — it's the driver.

It isn't the car that will take a drink then quickly lose its power to think — it's the driver.

It isn't the car that fails to heed the dangers of reckless, discourteous speed — it's the driver.

It isn't the car that steps on the gas and causes an accident, trying to pass — it's the driver.

A car may be bent and twisted awry, but it isn't the car that will have to die — it's the driver.

A BEGINNER'S GUIDE TO BUILDING #19 (AND #19½ AND #19¾)

As you cross our threshold for the first time it is perfectly proper to take one step backward and let your astonishment show.

A mess like this you have never seen in a place that calls itself a store, (most likely). Summon your courage, sidestep the cartons, and saunter in. Stop at the coffee pot and help yourself. (Use two sugars ... we're having a good year). Meander through this Elegant Emporium. Poke about to your heart's content. If you want to buy something, wake up a nearby salesman. You'll find him friendly, honest, but not "pushy". If you don't buy anything, that's O.K., too (even if you are a no good, dirty rotten #!XY!*).

NO PASSPORT REQUIRED ... Building #19 (and 19½) is just like any other store, except that it's almost completely different. We really welcome your visit and appreciate your business.

WHAT TO WEAR ... "Cleanliness" may be "next to Godliness" but at our Weird Warehouses it's next to impossible so don't wear your best clothes. We love you for your own true self, not your costume.

LOOK AT WHAT WE'RE PEDDLING

Just cause we have nice-looking, congenial, courteous employees, and we offer you free coffee (self-service ... and bring your own donuts), and we have shopping carts, check-out registers, and other fancy stuff, don't confuse us with the "legitimate", regular department stores. We are bargain stores ... pure and simple (well, I don't know how pure??) We do not handle any regular merchandise at regular prices. We sell for less because we buy for less from insurance companies, railroads, trucking companies, bankruptcy courts, etc. etc. Some items are 100% perfect, some 99% perfect, some 98% perfect. Some are scratched, dented, soiled, violated, detailed, mutilated, stomped on, smoked, toasted, or dusty but all items are sold with a no-strings-attached no-hard-time, satisfaction-or-your-money-back guarantee. You, the customer, are the sole judge.

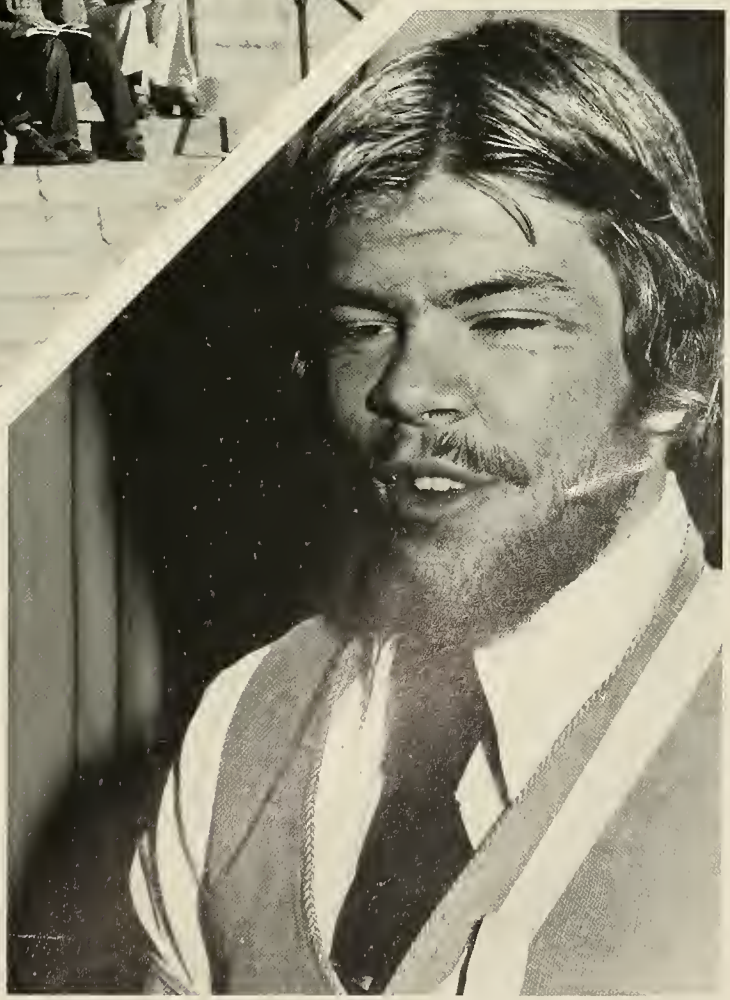
WORWOOD



We've been knawing each ather

Far many a year, it's true;

And I can't think af anyane else

Can make me feel as gaad as yau.

Yeah, yau make my day

A little bit brighter in every way . . .

Now sometimes I feel afraid,
As we all tend to do;
But I think of the loving good times we've had,

And I know we're gonna make it through.
'Cause you make my day
A little bit brighter in every way.

Inside of me I con feel o seed —
It's me, I'm growing
I'm leorning, I'm loving
I'm giving ond I'm olive

Thonk God I found out
I om someone
I count, it doesn't matter to whom —
I like me!

Hey world, look out
I'm growing ond living
I'm free and olive
I'm ofraid, but I'm not lost.

Somehow I found myself
No more games for me
I'm myself, occept me — reject me
I'm strong enough to stand olone.

Love, life ond freedom are bliss
Loneliness is still around me
Maybe I con leorn to befriend it.
After oll, if I can like me —
So con the world.

I'm coming I'm Strong I'm Me

look out world!

YOUR LIFE MY FRIEND

There you ore ot o fork in the rood,
Don't know where you're going so you're just going slow;
You're ofroid if you hove to choose you win less thon you lose
Don't you know . . .
Everybody's got to toke o chonce. Everybody's got to moke o stond
You'll be choosing in the end. Couse this is your life, my friend
Ain't nobody con put the ropes on you
but keeping your freedom hos you tied up, too.
While you sit trying to decide,
there's so mony things thot you could hove tried.
Everybody's got to toke o chonce. Everybody's got to moke o stond
You'll be choosing in the end. Couse this is your life, my friend.
Something finol in o closing door reminds you
thot you're not so young onymore
And you see your deoth presoged
The turning of o heort, the turning of o poge.
